EDUCATION

National Taiwan University

M.S. in Graduate Institute of Networking and Multimedia

Sep. 2021 – Jun. 2023

Taipei, Taiwan

Fu Jen Catholic University

B.B.A. in Information Management

Sep. 2013 – Jun. 2017

New Taipei City, Taiwan

MASTER THESIS

Pitch Detection System Based on Discrete Cosine Transform

Sep. 2021 – Jun. 2023

Advisors: Feipei Lai, Ph.D., Yiju Chen, M.S.

Taipei, Taiwan

- Applied audio digital signal processing techniques to achieve accurate pitch evaluation in music.
- Collaborated with the National Symphony Orchestra to enhance mobile app's functionality and performance.

EXPERIENCE

National Taiwan University, Medical Informatics Lab

Mar. 2021 – Sep. 2021

Research Assistant

Taipei, Taiwan

- Developed a Psychiatric Patient Monitoring System with Frontend, Backend, and Smartwatch Integration
 - * Eliminated 99% of manual monitoring workload for 1,767 patients at NTUH by designing the system workflow, integrating the mobile app, wearable smartwatch detection, and server-side backend APIs.
- Contributed to research on Osteoarthritis Classification using Deep Learning
 - * Reduced the preprocessing workload by 98.6% by training a YOLOv4-based object detection model.

Colatour Travel Service Co., Ltd

Jan. 2018 – Mar. 2020

Software Engineer, Lead iOS Developer

Taipei, Taiwan

- Led a team of 3 engineers in developing the B2C e-commerce mobile app, with over 100 functional pages and 146,497 downloads.
- Developed an internal communication system mobile app for 1,191 company colleagues.
- Built a B2B mobile app featuring in-app webpage to support business processes.

PROJECTS

Mobile App, Frontend, Backend

Speech Emotion Recognition iOS App: Real-Time Audio Analysis with Flask Backend for Data Processing

Desktop App, Computer Vision

Real-Time Gesture Recognition App: Detect and Track Hand and Motion Gestures to Control Models via Camera

Mobile App, Game, Frontend, Backend

Virtual Reality Game Android App: Escape Room Adventure Game

Web Application, Game, Frontend, Backend

Online Game for Pet Adoption, Training, and PvP Battles
